## **SIREUS**

**SIREUS is a platform for increased talent mobility and knowledge exchange between Sweden and the U.S. in innovation, science, and entrepreneurship.**

SIREUS, a collaboration between The Swedish American Chambers of Commerce (SACC-USA), Swedish universities and American universities, focuses on knowledge exchange in innovation, science, and entrepreneurship, as well as talent mobility for students and researchers between Sweden and the U.S.

The initiative builds on SACC-USA's bilateral business and talent network and addresses needs identified in collaboration with Swedish universities. The Embassy of Sweden in Washington, D.C., and the Swedish Institute support the project through advice, resources and contacts.
